

In case you missed it

The Easter Weekend raft-up was delayed one week and the "Alaskan Rover" with Captain Devin, the Altermatts and the Hewitts aboard, joined by the Carters on "Windigo," set anchor in Thumb Cove for a potluck and bonfire on the beach. They were joined by the folks off "Justice," bringing the number of revelers up to 20 people who were all gathered around the campfire for stories and laughter.

Clean sweep

As part of the Community Cleanup last month, KFYC cleaned up the harbor area, thanks to the efforts of Tom and Lori Swann, Loren (Lori's Dad), and Commodore Sue. We won a prize for our efforts, to be on display at our next meeting.

Combination for dock carts will change soon

Our present combination 2853 will be changed to 0620 (in our new tradition of selecting the numbers from the birthday of our present secretary) shortly after this newsletter reaches you, so write it down and be prepared.
